

# FIR CENTER SEMINAR

- (1) “Research and development of laser technologies targeted at applications in high-resolution laser spectroscopy”

Speaker: Dr. Pham Hong Minh

(Associate Prof. of Institute of Physics, Vietnam Academy of Science, Visiting researcher with NICT Foreign Researcher Invitation Program)

- (2) “Recent Terahertz Research Interests at the NIP UP Diliman: basic photonics, waveguides, and future applied spectroscopy”

Speaker: Dr. Elmer Surat Estacio

(Prof. of National Institute of Physics, College of Science, University of the Philippines; Visiting Professor of FIR UF)

Date: 10:30 - 12:00, July 22th (Tue), 2025

Place: Colloquium room, 5F, FIR UF

Organizer: FIR UF

Host: M. Tani

Phone: 0776-27-8659 (Ext. 2724)
