

FIR CENTER SEMINAR

“Investigation of the terahertz emission in Ni/Pt, Ni/Ti, Ni/Au, and Ni/Ag bi-layer films, monolayer graphene and thin Ni films on MgO, via femtosecond laser excitation at 780nm wavelength”

Speaker: Dr. Elmer Surat Estacio

(Prof. of National Institute of Physics,
College of Science, University of the
Philippines; Visiting Professor of FIR UF)

Date: 15:00-16:00, July 28th (Tue), 2026

Place: Library room, 6F, FIR UF

Organizer: FIR UF

Host: M. Tani

Phone: 0776-27-8659 (Ext. 2724)
