FIR CENTER SEMINAR

1)"Advances in ESR Spectroscopy and Terahertz Technologies for Materials and Geo-Environmental Research"

Speaker: Prof. La Agusu

(Department of Physics, Faculty of Mathematics and Natural Sciences, University of Halu Oleo, CA Professor of FIR UF)

2)"Green Synthesized Magnetic Nanoparticles and Thin Films for Biosensor and Hyperthermia Applications"

Speaker: Prof. Edi Suharyadi

(Department of Physics, Gadjah Mada University)

Date: 15:00- 17:00, November 12th (Thur), 2026

Place: Colloquium room, 5F, FIR UF

Organizer: FIR UF

Host: Yuya Ishikawa
Phone: 0776-27-8046
(Ext. 2960)
